**For Immediate Release:**

**Los Angeles Company launches new baby feeding items from the UK**

**(Juvenile Solutions Inc. Los Angeles, Calif. – July 2007)** is extremely happy to announce the latest acquisition to their product line of baby and toddler accessories. The company has entered into a distribution agreement in the United States for a line of attractive, designed by pediatricians, feeding, potty, and safety items, manufactured by *Amadeus Associates International Limited* in the UK.

Products include innovative bowls in graduated sizes that fit into each other to save storage space, and that travel well from the freezer to microwave; plates; a selection of leak proof and non spill cups and beakers feature a unique single piece valve; matching left and right handed spoons and fork set; “*Here it comes*” silicone tipped spoons with a Train, Airplane or Cow, toy that make actual sounds stimulating the baby as well as being safe and soft for their sensitive gums, a unique travel potty, as well as many other products. All of the feeding items coordinate in attractive colors and designs and can be bought separately or as gift sets in eye-catching packaging. The complete line will make its debut at the ABC show at the Las Vegas Convention Center, September, 7<sup>th</sup> – 10<sup>th</sup> 2007

90% of Juvenile Solution’s product lines are imported from Europe and the company offers specialty stores, catalogs and websites unique, safe and practical items to assist in the care of small infants and toddlers. The product lines include Feeding, Bathing, Potty Training, Travel, Moses Baskets, Basinets, Books and a line of Plush.
